## Resort Information Pack

Issue Date: 24<sup>th</sup> August 2017

**Welcome to Horizon Sky. We hope you have a wonderful holiday. This information pack is designed to bring you up to speed and provide you with useful information about the resort and the surrounding area. Please try to take some time out to read this document.**

## **GENERAL INFORMATION – HORIZON SKY**

### **Horizon Sky Office**

The Horizon Sky office is located in the single storey building just up from the main and upper / Jacuzzi pool. The office is normally open from 9am – 6pm Monday to Saturday and is staffed by Acelya (Site Manager) and Yuksel (H Sky Owner Relations). At all times the office staff will do their best to assist with owner and guest queries but please note that the office is not geared up to provide a concierge service.

### **Resort Etiquette**

Resort etiquette is quite straightforward. Please do not create a nuisance and bother others. Keep noise to a respectable level during the evening hours. Please do not drop litter, use the bins provided.

### **Speed Limits & Car Parking**

A strict 20mph / 30kmh speed limit is operated on site. Car parking is restricted to the main car park near security and the overflow car park near the tennis courts.

### **Security**

We have 24-hour security on site. The security team conduct regular patrols of the site. Security is located in the gatehouse in the main car-park. The security staff are employed as part of the team at HSBR.

### **Staff**

The team at HSBR consists of Security, Drivers, Maintenance and Cleaners and they will be visible around the site although in general, they are not able to communicate well unless you speak Turkish. If you have a maintenance issue whilst you are on site, if this is in the communal areas, please speak with the office and if it is within the private apartment, please refer this back to the Owner. There is a full maintenance website that owners can book repairs which will then be dealt with speedily and efficiently.

### **Site Car Service & Buggy**

If you need a car or buggy to take you up to your apartment please ask in the gatehouse. Please allow extra time during peak season. When departing, if you need a car to collect your suitcases please arrange in advance with the office and they will collect you from your apartment and drop you at the boat. The Café/Shop staff will also accommodate if you need a buggy or car. A sheltered area is provided close to the Security office for owners and guests waiting for transport.

### **Horizon Sky Boat**

The boat service for all Horizon Sky guests operates 7 days a week, sailing over to Gulluk. The current boat timetable for 2017 is on the back page and also available in the office. Transport is provided to the marina. To use the boat go to the main car-park at least 15 minutes ahead of the boat departure time. At times, guests may be supplied with cards that identify you as a HSBR guest and eligible to use the boat but if you are not issued with one on arrival, please don't be concerned.

### **First Aid**

The Site have 3 First Aiders on site. If required, please speak with the office or security. The First Aid Kit is situated in the office.

### **Wi-Fi**

Wi-Fi is available to all on site, but connection speeds and connectivity can be limited due to the location of the resort. Wi-Fi login details can be obtained in the first instance from the apartment owner, especially if you are arriving at the weekend when the office might be unmanned. Each apartment has a unique login and passcode. Please do not share with others as it will affect your own apartment's connectivity. The Wi-Fi system resets itself daily so you will need to login each day, sometimes more frequently depending on usage levels. To login select the "HORIZON\_SKY" network and wait for the login page on your browser, before entering the username (starting with the first two letters of your apartment grove – such as "OR" for

Orange, “CH” for Cherry, etc) and password for your apartment. Should the login page not open within a couple of minutes, open your browser and type in “ns1.level3.net” to your browser address bar. Please contact the office if you experience difficulties.

### **TV Channels**

There are a range of multi-language channels available on the resort TV. English language channels are quite limited though – mostly news channels such as BBC World, CNN, etc.

### **Electricity & Power Cuts**

The electrical current in Turkey is 220V AC, 50Hz. Wall sockets are the round two-pin European type. Due to the location of the resort on the peninsular we are quite prone to power cuts. Don't be too alarmed as these are normally resolved quite quickly. If you experience a power cut check that it is affecting the wider resort rather than just your block. Sometimes power can be tripped in individual apartments (check your fuse board in the cupboard by your front door) and across apartment blocks (speak to security or the office team if just your block is out of power). Showers will still work during power cuts but the hot water will not be re-heating.

A recommended on-site running route starts at the upper car entrance barrier (Orange), along the roadway and up the ramp alongside the office, turn right and along the roadway to the end of the resort (Coconut), double back down the hill beside the main pool, up the hill past the office, turn left and back to the upper car entrance barrier. Distance is around 0.6 miles. Combine with 4 circuits of the courts to make 1 mile. Take water with you and be aware of the heat.

### **Horizon Sky 'Yesil' Café & Shop**

The resort café is located by the main pool. The café is open from 8am every morning – serving breakfast, lunch, and evening meals. The café team also host regular resort family evenings with food and entertainment. The café closing time in the evenings is very much dependent on trade that evening.

The café shop sells alcoholic drinks for your consumption, but only as an off-license type facility. Customers need to purchase and dispense their own drinks – purchased from inside the café shop. A HS employed waiter service is being offered for 2017. Licensing restrictions prevent café staff from opening or pouring alcoholic beverages. The beverage license only covers up until 10pm.

### **Yesil Café Arrival Welcome Pack**

For more information owners should contact Dursun via email directly to specify exactly what they would like in their apartment when they arrive and settle with Dursun directly: [cafeyesil@hotmail.com](mailto:cafeyesil@hotmail.com)

## **SERVICES & ACTIVITIES OFF SITE LOCALLY**

### **Local Taxi Service**

Horizon Sky have a good relationship with a local taxi driver in Iasos and they can be called via the office or Security on site. Destinations usually are Jasmine Beach, Iasos Ruins, Iasos Village, SOK Supermarket & JR seafront Fish Restaurant, Airport or Gulluk for those that prefer car to boat. Prices are displayed in the office and security portacabin window.

### **Jasmine Beach**

Jasmine Beach is a short car ride away. There is a large beach, Pedalos (for hire) and a small selection of cafes. If you take a taxi to Jasmine beach, there is a market in the village round the bay on a Wednesday and also some other supermarkets. Yakamos Restaurant provide a free taxi service day and evening to and from the beach but you will be expected to frequent their restaurant which offers typical Turkish dishes and fresh fish. You can ask for Yakamos to pick you up by speaking with Security at the gate or phoning them directly on 0252 562 0254.

### **Local Shops**

The resort café operates a shop and is open from around 8am every morning. Fresh bread, food items, drinks and ice creams are available, along with baked beans, HP sauce, etc.

Just down from the main car park is Sinan's grocery shop, offering a slightly wider range of goods than the site shop. A wider selection of fresh bread is also available here with fresh bread deliveries to the shop around 9am and 1pm. Payment is cash only. Opening time is approx. 8am until around 9pm. Sinan is happy to deliver goods to the apartments on his moped and will also deliver and collect empty large pumped water bottles.

### **Supermarkets**

The nearest supermarket to site has recently opened in Jasmine beach, with another now also open in Iasos. These are SOK supermarkets and offer a comprehensive range of goods.

## Markets

There is a small fruit and veg market which is located opposite the upper site car entrance (Orange). Operating days are generally Thursday and / or Friday / Saturday mornings during peak holiday season from around 11am– 1-2pm. Pop down to see if it is operating and do check it out. Days may vary and sometimes the early bird catches the goods.

## Marina Restaurant

The Marina restaurant is open daily for breakfast, lunch and evening meals. It's a beautiful waterside setting with good food and well-maintained facilities. They provide a collection and drop off service. Simply ask security to ask the Marina to send up a car to collect you from the main car park.

## Boat Trips

There are a number of boat trips available in the area. One of the most popular is the Mehmet Donmez boat moored in Gulluk (two boats along from the Horizon Sky boat). Setting off around 10.30am and returning around 6pm, Mehmet provides a great day of fun, swimming and diving. Food is included and is cooked on board. If you're lucky you will get to see and possibly even feed the Wild boars! Soft and alcoholic drinks are available on board, at very reasonable prices. All in all Mehmet's boat trip is great fun and fantastic value. Speak to Mehmet when you get off the HS boat at Gulluk. We are hoping that for the 2017 season he will be able to collect day trippers from the Correndon beach marina and return them. Day-trippers would need to be in the carpark at 10.45 so the car can take them to the jetty for 11 am. Please enquire at the office. Coming back, our cars can collect at 5 pm so you may need to leave the boat before the final stop for tea or you have the option of staying for tea and being dropped back to Gulluk. It is imperative that none of the Seat Car surfaces are left WET. This service will have to be withdrawn if this is not adhered to.

## Iasos Ruins & Restaurant

Iasos (pronounced ee-ya-sos) is a fantastic stop for anyone in search of ancient Greek ruins. It's a short taxi ride away from the resort. Taxi details can be obtained from security or the office. Alternatively the Milas Dolmus can drop you off close to the ruins. Be sure to check out the return journey times although there is a taxi service close to Iasos. Whilst visiting the ruins at Iasos perhaps visit the Ceyar Deniz (JR's) restaurant on the waterfront. Fresh fish is a specialty at JR's.

## Local Bus Service

The local bus runs from Milas to HSBR and back going close to Jasmine Beach, Iasos and the local village. It can be a little ad hoc but the current timetable on the last page.

## SERVICES & ACTIVITIES ACROSS THE WATER

The Gulluk Bus Station is in the road up the side of Kipa (Tesco) on the right of the boat as you get off. Bodrum offers everything from ancient heritage sites to restaurants and nightlife. It can be more expensive than locally but it's a very cosmopolitan town and should be visited. Search for Bodrum on Google.
